

TOWMASTER®

AMERICA'S BEST TRAILER

Description:

This is the original skid-loader trailer from Towmaster®. The Pan trailer features a lower deck height for hauling smaller equipment and skid-loaders. The taller sides also let you haul small loads of dirt, sand, gravel, sod or debris. Dexter® Torflex® rubber torsion axles make this trailer smooth riding. The Pan trailer is built on a special frame with I-beam tongue and 3-inch I-beam cross-members. The deck floor is oak wood with a steel floor available as an option. LED lights and our patented Auto-Latch® ramp hold-ups are standard.

Quick Specs:

- 2" nominal white oak deck, steel optional
- 18" deck height (empty)
- 77" between fenders
- 14', 16', 18' or 20' deck
- Electric brakes with forward adjust
- Dexter® Torflex® axles
- E-Z Lube hubs
- Auto-Latch® Ramps
- LED Lights and Sealed Wiring

Photos may show optional equipment.

Patented Auto-Latch® ramp hold-ups and LED lights are standard.

An optional steel deck with traction aid is available.

"SL" ramp option gives a lower load angle for special equipment like scissor lifts and other small-wheeled vehicles.
